

It's the Little Things that Make Me Smile

Description

Every now and then, you see something that makes you smile.

Not a polite smile, like what people do after a really bad joke.
For example, What did one snowman say to another?

Smells like carrots.

Not a chuckle or a chortle, not a smirk, but a genuine smile. A smile that you used to do when you were a kid. Like when you got that perfect birthday present, or a new bike, or meeting the Ninja Turtle *live* at Universal Studio's. After so many years, I still believe that that one moment, with the Ninja Turtle, was a moment of purest joy that I have ever experienced. Thanks Mom and Dad.

While this was not a moment of pure joy, this was a moment of happiness. This thing made me smile like a little kid.

Seriously. That's BRILLIANT.

And, for a sprinkle of philosophy in this post:

Sometimes you're the snake, and sometimes you're the bird.
